

New Hire Classes and Retirement Recognition Program

*Lew Milliner (PIT)
Chairman, Membership Services*

The Membership Services Committee, in conjunction with the R&I Committee, is developing a retirement recognition program for pilots who are retiring in the near future. The R&I Committee recently sent a postcard to recent retirees, inquiring whether or not they would like to release some personal information to the Membership Services Committee. With this information and the pilots' permission, our committee will publish their names and attempt to celebrate, or at least recognize, their last flight with US Airways.

The Company has indicated it will be hiring 25 pilots per week through the end of the year.
